

Before starting you need to be aware that you will need a digital wallet that can store NFT's. If you need help then please ask in regards digital wallets.

Step 1: Visit the Website

1. Open a web browser and go to MiniatureTreasures.co.uk.
2. Browse the homepage to learn about the NFT minting services specifically designed for miniature bottle collections.

Step 2: Understand the Services Offered

1. Go to the **NFTServices** or **FAQ** section to explore the available minting options, including single bottle minting or full collection services.
2. Review the details and pricing for each service level to determine which option best suits your needs.

Step 3: Prepare Your Miniature Bottle Images

1. Take high-quality photos of the miniature bottle(s) you'd like to mint as NFTs.
 - Ensure the images are clear and showcase the bottles well.
2. Organize any relevant details or descriptions you would like to include with each NFT (such as the bottle's history, rarity, or unique characteristics).

Step 4: Contact Us for Customization

1. Use the **Contact Form** on the website to reach out.
 - Fill in your contact details and describe the type of NFT minting service you're interested in (single bottle or collection).
2. Attach your prepared images and any specific requests or details you want included in your NFT.
3. Submit the form, and our team will review your submission and respond within 24-48 hours with further details.

Step 5: Confirm the Order and Make Payment

1. Once you receive a response with a quote and payment details, review it carefully.
2. Confirm your order by following the instructions in the email or message you receive.
3. Complete the payment through the available methods as described within the replied correspondent.

Step 6: NFT Minting Process

1. Our team will begin minting your NFT(s) which is linked to a blockchain (no high gas fees).

2. Once the NFT minting is complete, you will receive a message stating that your NFT is ready.

Step 7: Receive Your NFT

1. We will ensure that each NFT is sent to your digital wallet.
2. You may also receive additional instructions on how to transfer your NFT to other digital wallet if you need this info.

Step 8: Showcase or Trade Your NFT

Now that you own an NFT of your miniature bottle, you can display it, share it, or even trade it on NFT marketplaces.
